

**QUIPP SELLS TWO (2) INSERTERS TO *AMERICAN COLOR GRAPHICS* AND LAUNCHES "REMANUFACTURED FEEDER PROGRAM" TO EXISTING SLS-1000® INSERTER USERS**

Quipp has received an order from *American Color Graphics* for two (2) Newstec High-Speed Inserters, two (2) Quipp Model 500 Wide Stackers, two (2) Quipp Viper  $\frac{3}{4}$  Wrappers with Powered Side Walls, Spares Parts and Installation Services.

One of the inserters will be a 16:2 machine and the other a 12:2 machine.

This complete system will be installed in their Dayton, NJ facility in the next few months.

As per Mr. Mike Kady, Quipp's President & CEO: "Quipp is proud of the partnership that we have been developing with *American Color Graphics* over the last few months. The first system we shipped to them was back at the beginning of the year, when we installed a Newstec High-Speed Inserter (16:2 machine) in their facility in Medina, OH."

**Above: High-Speed Inserters being manufactured in our facility in Miami, Florida**

**ATTENTION EXISTING SLS-1000® INSERTER USERS:  
QUIPP AND NEWSTEC NOW OFFER A COMPLETE "REMANUFACTURED  
FEEDER PROGRAM" FOR EXISTING SLS-1000® USERS**

**Quipp and Newstec now offer a complete "Remanufactured Feeder Program" and many other inserter parts for existing SLS-1000® inserter users.**

Customer can purchase the entire remanufactured feeder assembly including the following:

- **Drum Shaft Assembly**
- **Main Feeder Assembly**
- **Standard Feeder Operator Station Assembly**
- **New Electric Clutch Assembly**

Or purchase any of the above assemblies **with or with out exchange** (except the electric clutch).

Orders can be processed in 6-8 weeks. Customer is responsible for returning a useable core if exchange is included. Customer is responsible for all freight charges.

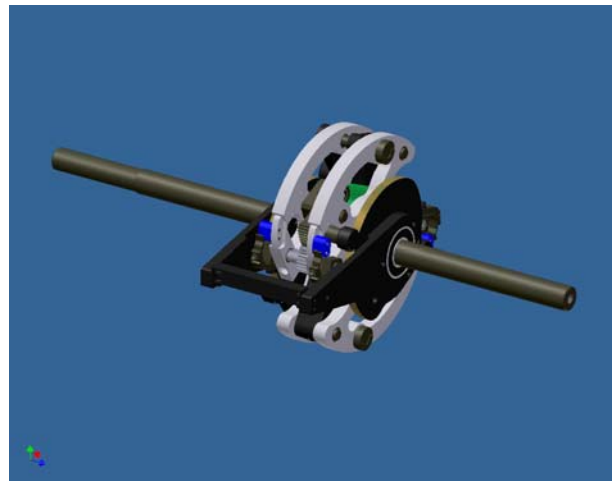

See description of work in the next 2 pages.
