

Quipp sells an inserter to *Webb Communications* in Williamsport (PA), a Quipp Packman to *The Citizen Times* in Asheville (NC) and announces other important orders and projects. Quipp also sold a second NEWSCOM 6 Inserter Control System to *El Tiempo* in Colombia. Quipp will recondition 35 Quipp Stackers and 35 Quipp Wrappers for the *NY Times*.

Quipp is proud to announce the sale of a Remanufactured Inserter (8:1) with the Quipp-NEWSCOM 6 Insert Management Control System to *Webb Communications*.

The inserter, which includes special feeders capable of handling SINGLE SHEETS, will be installed in their facility in Williamsport, PA early in 2008.

Remanufactured INSERTER (8:1)

We would like to take this opportunity to say **THANK YOU** to all of our customers who answered our Marketing Survey these last few weeks. The feedback from 270 loyal Quipp customers will be used to improve the inserter and inserter controls that Quipp supplies to the newspaper industry.

Thank you for your guidance!
We sincerely appreciate it!

Waste & Satisfies Distribution**

Quipp is proud to announce the sale of a Quipp Packman Packaging System to *The Citizen-Times*, a Gannett newspaper.

The equipment will be installed in the Fourth Quarter of this year in their facility in Asheville, NC.

Gannett was the first customer to purchase the Quipp Packman Packaging System. Since the first two machines were sold to *Florida Today* in Melbourne, Florida, Gannett has purchased eighteen Quipp Packman Packaging Systems for several of their newspapers.

Recent Quipp Viper Orders

- **The Desert Sun, Palm Springs, CA – Two (2) Viper ³/₄ Wrappers with High Resolution Ink Jet Systems**
- **The Lawton Constitution, Lawton, OK - One (1) Viper with 20” Infeed Extension**

QUIPP RECONDITIONED STACKERS AND WRAPPERS FOR THE *NEW YORK TIMES*

The *New York Times* has hired Quipp to recondition thirty five existing Quipp Model 350 Stackers and thirty five existing Quipp Cobra Wrappers.

Quipp will also be installing Quipp Light Curtain Safety Kits on all of these thirty five Quipp Model 350 Stackers.

These reconditioned stackers and wrappers are in addition to the previous twelve new Quipp Model 500 Stackers and twelve new Quipp Viper Wrappers they ordered over the last few months and are to be installed in their College Point facility.

SAFETY FIRST!

Quipp Light Curtain Safety Kits to be installed on existing Quipp Stackers.

Quipp Stacker Light Curtain Safety Kits are designed to prevent injury to an operator who inadvertently extends a hand or other object into the lower operating area of a stacker. A non-visible "wall" of light is directed across the bundle delivery path(s) of a stacker. Should any object interrupt this light curtain, the stacker turntable valve is instantly disabled.

Quipp Stacker Light Curtain Safety Kits are available for retrofitting onto existing QUIPP 30X, 35X and 40X Series Newspaper Stackers.

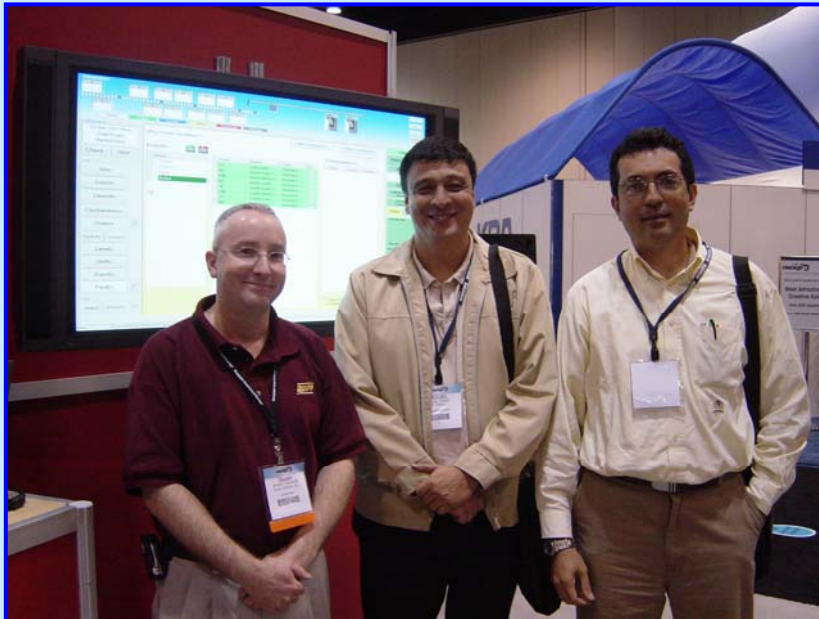

For additional information and pricing, please contact our Parts Department at (305) 623-8700 ext. 339 or ext. 348 or at 1-800-345-9680 or at parts@quipp.com.

El Tiempo, one of the largest newspapers in Colombia, has purchased their second ***Quipp NEWSCOM 6 Insert Management Control System*** and several SLS parts for their existing SLS-1000[®] inserters.

The first ***Quipp NEWSCOM 6 Inserter Control System*** upgrade was installed in Bogotá, Colombia by Quipp personnel in April 2007.

Customers from ***El Tiempo*** visited the QUIPP Booth at NEXPO 2007 in Orlando.

From Left to Right:

Mr. Stuart Gardner (Developer of Quipp's NEWSCOM 6 Inserter Control System)

Mr. Miguel Perez (El Tiempo Production Director)

Mr. Ublado Vidal (El Tiempo Production Manager)

Quipp NEWSCOM 6 Insert Management Control System

NEWSCOM 6 is well documented.

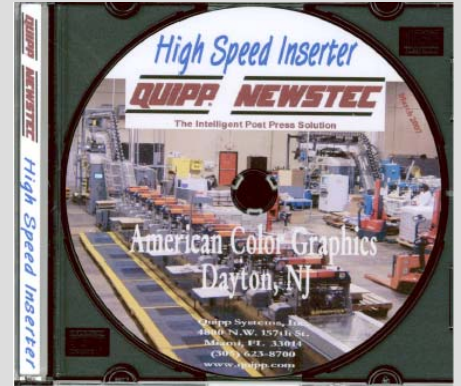

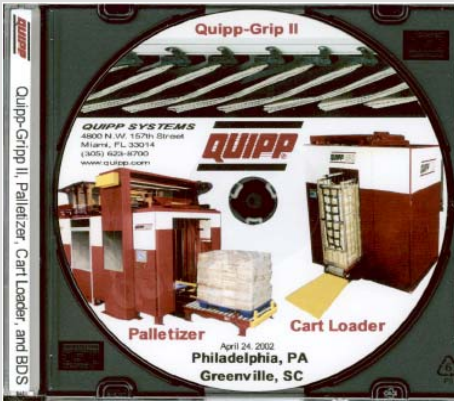

- The System Specification Manual contains important information for your technical staff prior to installation.
- The Installation / Training Manual tells you exactly what to expect during the training phase.
- The Operations Manual explains the functions and features of the system.
- The Technical Manual provides your technical support team with detailed maintenance and support information.

NEWSLINK

The NEWSLINK module allows NEWSCOM 6 to receive Advertising and Circulation information from your front-end systems. The interface is designed to facilitate the importation of data at various levels depending on your needs. This enables you to choose whether to perform particular functions in your systems or within NEWSCOM 6.

The interface is well documented and clear examples are provided for each type of file.

To request a copy of our CD's or videos which demonstrate our products and systems in operation, please call us at (305) 623-8700 ext. 350 or e-mail us at news@quipp.com
