

Quipp "IN-LINE C" gets ready for action

The **Quipp IN-LINE C Inserter/Collator with Poly-Wrapping Capabilities** will be in operation this summer.

Make sure you contact Quipp to make an appointment and learn more about this innovative solution to your post-press distribution center.

Quipp is committed to the newspaper community, continuing to invest heavily in R&D, developing products and systems that help our customers increase revenue and save labor costs.

The Quipp IN-LINE C Inserter/Collator System with Poly-Wrapping Capabilities produces a secure package with great content accuracy, offering the end user a secure product.

Collating is a stable Sunday production platform, providing flexibility, redundancy and security.

If you are looking for a space-efficient solution to increase your productivity, reduce your production window and, at the same time, have the peace of mind of dealing with a company known for its RELIABLE line of products for over 22 years, the **Quipp IN-LINE C** is the perfect solution for your inserting/collating needs.

To find out more about the **Quipp IN-LINE C** features and benefits, request a video or CD at (305) 623-8700 ext 350 or e-mail us at news@quipp.com
