

**Quipp sells three (3) Quipp Packman to *Post Newsweek Media*, sells Light Curtain Safety Kits to *Gannett*, announces recent orders & reminds customers of the *Quipp Preventive Maintenance Program***

Quote from John Payne, Director of Printing

***"Comprint Printing a division of the Post Newsweek Media Group*** has selected the Quipp Packman stacker as our stacker of choice after looking at other vendors. We have placed an order for three (3) Quipp Packman that will be used off of our inserting equipment.

The reason for our choice was simple because the Quipp Packman provides us with a good quality bundle with a large stack of papers. It also provides us with a bottom wrap or a 3/4 wrap, **which will help us deliver a good quality bundle. We were able to see a good ROI as well as some labor savings. The Quipp Packman is a good fit in our operation."**

**Quipp PACKMAN Packaging System:  
STACK, WRAP, PRINT & STRAP  
IN ONE FAST, RELIABLE OPERATION**

**Quipp PACKMAN Packaging System:** The integrity of bundles is maintained through the strapping process, **resulting in bundles of the highest quality.** Because the bundles are contained throughout the entire process, **less handling is required.** Since the introduction of the **Quipp PACKMAN**, several newspapers have purchased this compact machine to increase the productivity of their stacking, wrapping, and strapping operations.

***Gannett* buys four (4) Quipp Light Curtain Safety Kits to be installed on existing Quipp Stackers at the *Cincinnati Enquirer*.**

## SAFETY FIRST!

**Quipp Stacker Light Curtains Safety Kits** are designed to prevent injury to an operator who inadvertently extends a hand or other object into the lower operating area of a stacker. A non-visible "wall" of light is directed across the bundle delivery path(s) of a stacker. Should any object interrupt this light curtain, the stacker turntable valve is instantly disabled.

**Quipp Stacker Light Curtains Safety Kits** are available for retrofitting onto existing **QUIPP 30X, 35X and 40X Series Newspaper Stackers.**
